

I would like the FCC to protect my rights, and the rights of my neighbors, to communicate freely and enjoy diverse media sources.

I want to expand community radio, including Low Power FM radio, to reach my neighborhood and those in the outer areas of Portsmouth, NH.

I want there to be protection of local news broadcasts, and local citizens to have the power to make their voices heard on their own airwaves at anytime and in any format that they select.

I want the FCC to restrict the power of big companies like Clear Channel and Viacom to buy up all the stations in your town and others with LP channels so that there can continue an individual option outside the Corporate controlled radio and TV.

Thank you for your time in considering this request.
